# MY FAVORITE THINGS

*The month of February is about love and romance! These are a few of my favorite things* by Lori Hartley

BUCKLE-UP IN THIS beautiful heart belt buckle by Just Reality™. Just Reality™ is a line of unique handmade mosaic belt buckles and jewelry

designed and created by Tracy Bell of Dallas. These belt buckles are a great way to dress up a pair of jeans; I also like to go elegant and wear the red and white heart buckle with my favorite pink and red wool skirt. The buckles are made

of semi-precious stones, broken china and glass, rare beads and assorted vintage findings. Just Reality belts come in a multitude of gypsy-chic designs like smiley faces, dragon flies, hearts, crowns, peace signs, flowers, crosses and multi-colored tableaus. I purchased my belt and buckle at Pamela's Fashion Boutique in Coppell. For more information go to: [www.justrealitybelts.com](http://www.justrealitybelts.com)

Romantic Dinner Out—I can always count on Daddy Jacks for a romantic dinner for two. The food is delectable and the service is great! The setting offers romantic charm with candlelight and a warm ambiance. It's the perfect spot for a cozy dinner for two on Valentine's Day!

Another favorite dining destination and the Best Service in town is Café Portabello. I can always count on a

friendly smile by the staff and impeccable service while enjoying delicious Italian cuisine. Café Portabello is an excellent place to go for a romantic rendezvous. In the evening, the glow of the candles adds to the quaint and intimate setting.

Glamorize your Evening Look with the latest in eye makeup—HIP (high intensity pigments) by L'Oreal. For Valentine's Day I recommend Fiery (pink) or Valiant (purple). Your eyes are sure to shimmer! For long lasting lip color try BeautiControl's Lip Duo in Pink Snow. For more information about BeautiControl products call your local Consultant at: 972-393-1725.

Set the Mood by playing Il Divo's cd Siempre featuring 'Nights in White Satin' and other romantic songs. Il Divo is an operatic pop group whose selection of songs is sure to spice up your evening.

One of my favorite quotes:

“The best and most beautiful things in the world cannot be seen or even touched. They must be felt with the **heart.**”
